Summary

Software Engineer with 1+ year experience in Java backend systems and applied AI/ML. Built and optimized production REST APIs and developed end-to-end ML pipelines including RAG-based LLM systems, survival analysis models, and computer vision applications. Strong in data structures, APIs, and scalable backend development.

Experience

Assistant Software Engineer July 2025 – Present

UPCL (via Infinite Sols), Dehradun

- Optimized Java REST APIs and microservices, improving debugging efficiency via structured root-cause analysis
- Reduced issue resolution time by identifying recurring failure patterns and improving test coverage
- Managed relational databases including query optimization, indexing, and schema updates
- Developed unit and integration tests ensuring reliability of backend systems

Java Intern

July 2024 – Aug 2024

IDS Infotech Ltd, Chandigarh

- Developed backend modules in Java using OOP and JDBC within enterprise codebase
- Delivered features within sprint timelines following Agile workflows

Projects

RAG-based PDF Chatbot

- Built end-to-end RAG pipeline using LangChain, HuggingFace, and ChromaDB for document querying
- Implemented semantic retrieval with source-grounded responses; deployed on HuggingFace Spaces

Customer Churn Prediction

- Developed ML + survival models (Random Forest, Cox PH) achieving 0.84 ROC-AUC on 7K+ dataset

Crop Disease Detection

- CNN classifier on 50K+ images (38 classes) achieving 88% accuracy; deployed via FastAPI

To-Do List API

- Designed Spring Boot REST API with validation and documentation

Technical Skills

Languages: Java, Python, JavaScript, SQL

Backend: Spring Boot, REST APIs, JDBC, Microservices

AI/ML: Transformers, LangChain, scikit-learn, CNN, NLP, Survival Analysis

Tools: MLflow, Docker (basic), Git, GitHub

Core: Data Structures and Algorithms, OOP, System Design Basics

Education

B.Tech, Computer Science

2021 – 2025

Graphic Era University, Dehradun

CGPA: 7.55 / 10

St. Joseph's Academy, Dehradun

2019 – 2021

Class XII (ICSE): 83.5% — Class X (ICSE): 90.16%

Certifications

- Oracle Cloud Infrastructure Data Science Professional (2025)
- Microsoft Career Essentials in Generative AI
- J.P. Morgan Software Engineering Virtual Experience
